Export LCL Israel Efficient, fast & flexible

Dear valued customer,

Despite changes in carrier rotations, we can continue to offer you a reliable service to Israel - with improved transit times:

- Hamburg – Ashdod = 13 days
- Hamburg – Haifa = 14 days

In addition, the transport of dangerous goods to Haifa with SACO Shipping is still possible.

We can also offer to transport your goods to several destinations in the hinterland of the ports Ashdod and Haifa. Just contact us for a customized quotation.

If you have any further questions or need an immediate quotation, please don't hesitate to contact your local SACO Shipping Team.
