FOURTH SACO FISHING EVENT

On May, 31st, it finally happened - SACO Shipping again invited to the annual deep sea fishing. Early in the morning we could sail onboard M/S "Forelle" from Heikendorf near Kiel! At breakfast and nice talks we sailed one and a half hours out the Baltic Sea. Fishing equipment was provided for all those who had not brought their own. Then it was off to start and the

beginners were supported by the more experienced fishermen. With lots of fish-tales and bright sunshine flatfish and cod were diligently taken on board that were excluded by the specialized personnel on board immediately. With delicious lunch on board we had a lot of fun together, before it slowly went back to its home port in the afternoon. Thus ended a successful day with lots of fun and rich booty.
