## THE SACO STAFF

**Name:** Heike Schliemann

**Position:** Import Latin America SACO Shipping GmbH Hamburg

**With SACO since:** 01.09.1998

***How did I get to work for SACO and what motivates me in my daily duties in the SACO team?***

To be a part of SACO Shipping I have to owe Matthias Steinhoff, our today's Business Development Manager.

Matthias was already working a month for the EXPORT Dept. in SACO with full of euphoria. He informed me about a job vacancy in IMPORT Dept. and asked me how about a job application. No sooner said that done I saw that was the real thing. The first impression I will never forget and I must admit that I was a bit confused as Hans-Jörg Brunsen said to me „you can call me Hansi“ – everybody in SACO would call him like that.. Hansi attended me to the job interview I should have with Harald Pahl where I got my second impression .I expected a nice „Hello“ but I will never forget the sentence which was following instead of the one I expected :“ We do not need anyone else in the IMPORT Dept.”

However I was accepted to be a part of the SACO family and can say for certain that this

was one of my best decisions I've ever had. To be a part of SACO family is my daily motivation.

What have I experienced in my time with SACO In the past 15 years I feel honored and grateful to have a lot of fun and familiar atmosphere on several parties and activities as well as on the job....even when my colleagues sometimes feel bothered when I am again breaking into any song or similar.

***What spontaneously comes to mind when I think of SACO***

S = SUPER  
A = AUTHENTIC  
C = CLEVER  
O = ORIGINAL

***What I wish for the future***

That I may stay in SACO for the next 25 years for having a positive review for the last 40 years at the beginning of my pension

### EGYPT AND SYRIA

Unfortunately due to the bad political circumstances in both countries, we currently can't accept inland transports for now. When the situation is going to change due to insurance reasons, we will activate the runs back on [www.saco.de](http://www.saco.de).
