THE SACO STAFF

Name: Ralf Juschas

Position: Export Supervisor Far East, Indian Subkontinent, North-, West-, and South Africa, Levante, Europe and Assistant Branch Manager SACO Shipping GmbH in Bremen

With SACO since: 01.04.1992

How did I get to work for SACO and what motivates me in my daily duties in the SACO team?:

1989 I successfully finished my apprenticeship at Messrs. D. Oltmann in Bremen, with the completion certificate Shipping Merchant.

After 3 additional years within an NVOCC company, I joined SACO Shipping in 1992.

What have I experienced in my time with SACO:

When I started at SACO Shipping, we only had a "two-man-show" in Bremen.

Today the Bremen Branch consists of 42 employees within Export and Import operations.

Over the years I have seen many new people joining SACO but only very few leaving SACO, which is certainly also a result of the excellent working environment and success of SACO Shipping. Most of the team members in Bremen are already 10 to 15 years with SACO Shipping, for me it is now almost 22 years.

It really was not always easy, to expedite the development of SACO Shipping in Bremen over the years, but with a lot of hard work, motivation and our over the years matured great team, we certainly will continue to be "willing-and-able" to meet the demands of our customers !

Also the various SACO party's should not go unmentioned that have welded over the years many employees amicably together.

"Last but not least", a part of a good team is always a good boss. Here is a thank to the owners of SACO Shipping, Andrea Briks and Harald Pahl, which always have an "open ear" for their employees.

What spontaneously comes to mind when I think of SACO:

Family, security, great team, service. All the important attributes for a service provider at the present time, I think.

What I wish for the future:

Being able to further successfully holding "my nose into the wind" to continuously contribute to the success of SACO Shipping.

NEW SERVICE FROM JORDAN

PORT CONGESTION IN NHAVA SHEVA

Due to a weeks long, now luckily ended strike in Nhava Sheva, the port staff now tries to manage the backlog. A normalization of port operation is expected soon.

Meanwhile, a queue of trucks of up to 17 kilometers length is waiting in front of the terminals. The delivery or picking up of containers takes up to 24 hours

Import Container bound for Nhava Sheva will be partially unloaded in Mundra to ease the current situation.

We will keep you informed about serious changes.
