Important News Delivery in Hamburg

Dear valued Customer,

Following the recent terminal's announcements to soften their restrictions for export deliveries, we are glad to adapt our current time slots for delivery as follows valid from 21.11.2022 on and until further notice:

- Harmless cargoes: **5 working days** prior LCL closing
- Hazardous cargoes: **72 hours** prior LCL closing
- Shipments exceeding 15 cbm: **72 hours** prior LCL closing

The situation will be monitored closely. Kindly note that our LCL closings may change at any time on short notice, as they are directly linked to terminal cut offs. All costs and consequences arising out of amended vessel / LCL cut offs are for cargo's account. SACO Shipping does not take any responsibility for possible storage, failed delivery attempts or missed return freights.

As from 5 Lotnumbers per truck, hauliers are welcome to send a preadvise to hebestelle@pchpacking.de

Opening hours:

PCH Hamburg Export Delivery: 06:00 to 14:00

PCH Hamburg Import Collection: 6:00 to 15:00

Due to the dynamic situation PCH may adjust the above mentioned opening hours on short-term notice.

Thank you for your understanding.

For further information please contact your local SACO Shipping Team.
