## Tightened customs rules for exports to China

Dear valued clients,

we already send the advanced manifest with all customs related information to Chinese authorities before vessel departure.

We have been informed by all our agents that there will be some changes / additional information.

As from now it is mandatory to show the following details on our Bs/L:

- **Shipper:** - UST-Id. / Vat number  
- contact details incl. phone number
- **Cnee:** - Company code – USCI / OC  
(unified social credit identifier / organisation code)  
- contact details incl. phone number

In case we do not provide these information this may cause a delay in customs clearance and penalties.

For further information please contact your local SACO Shipping Team
