IMO2020 – Sulphur Cap Tariff adjustment Export USA & Canada

Dear valued Customers,

referring to our Newsletters dated 30th of August 2019 and 22nd of November 2019, we are facing increased charges related to carrier bunker levels according to IMO2020.

We would like to inform you that we will adjust our LCL Export rates for following trade lanes as per 1st of January 2020:

USA and Canada

At the present time the level of adjustment has not been fixed yet.

We expect further tariff modifications for trade lanes not mentioned here.

For any further information please contact your local SACO Shipping Team.
